CALIFORNIA CHAPTERS

## 2020 OFFICERS

<b>Chair</b>	Eric Zetz, <i>Merced County Association of Governments</i>
<b>Vice Chair</b>	Doug Kobold, <i>California Product Stewardship Council</i>
<b>Treasurer</b>	Hans Kernkamp, <i>Riverside County</i>
<b>Secretary</b>	Chris Hanson, <i>Placer County</i>

## SWANA Legislative Task Force Meeting Minutes

*September 24, 2020*

*10 a.m. – 12:00 p.m.*

Via Zoom

### 1. Administrative Items (10:00 – 10:30 a.m.)

- a. Roll Call, Introductions – See roster. A quorum was present.
- b. Approval of August Minutes – Chris Hanson presented the August minutes. Mike Mohajer requested an addition to reflect comments made on the CalRecycle SB 1383 Progress Report. A motion was made, seconded, and passed to approve the August minutes with the requested changes.
- c. Approval of August Treasurer’s Report - Hans Kernkamp presented the August treasurer’s report, reporting a beginning balance of \$60,219.39 and revenues of \$1,650.48 from SWANA dues surcharges and interest. Expenses posted totaled \$4,782.25 for SYASL monthly services and website expenses, resulting in an ending balance of \$57,087.62, which matches the bank statement. Hans indicated that the Treasurer’s report will be provided in both PDF and Excel form going forward, so that members can review notes in individual cells. Curtis shared that there will not be a MOLO event this year so there will be no MOLO revenues this year. A motion was made, seconded, and passed to approve the August Treasurer’s Report with those changes.
- d. Annual Meeting – Lisa Wood reported that Priscilla sent out Zoom calendar holds for partial days on November 18, 19 and 20. Lisa will draft an agenda for the meeting. Eric Zetz confirmed that Humphrey’s Hotel is not charging any cancellation fees. Due to their generosity, Doug suggested we be sure to hold the next in person meeting there.
- e. 2021 Work Plan – Lisa gave an update on the draft Work Plan, noting that she has received no comments from members. She requested any comments be submitted to her by October 19<sup>th</sup>. The LTF will have one more meeting before the annual meeting to discuss. Having the majority of the Plan reviewed in advance of the November meeting will free up time for the LTF to focus on what is expected in 2021 and what action items to include in the Work Plan in response.
- f. Board Member Awards – Eric Zetz requested the LTF consider approving the use of LTF funds to purchase awards (e.g. plaque/trophy/statue) to acknowledge a member’s service on the LTF (e.g. outgoing chair, retirement, etc.) Doug clarified that awards generally cost around \$100-250. It was discussed that SWANA chapters have budgets for awards and this would be consistent with that practice. A motion was made, seconded, and passed to approve the use of LTF funds to purchase awards for members at a cost not-to-exceed \$250 per award and that Officers would approve and arrange all purchases.

2. **Legislative Review/Capitol Update (10:38 a.m. – 11:00 a.m.)** – Priscilla reported that the number of bills that went to the Governor’s desk was significantly reduced by the end of session. The Governor had a total of 430 bills sent to his desk and still has about 300 to sign/veto by September 30. The rumor of a potential special session has dissipated as that there is not an appetite for that right now considering the focus on elections. The Governor continues to issue Executive Orders, which are discussed in Agenda Item #3. Below is a list of bills the

LEGISLATIVE ADVOCATE

Priscilla Quiroz

Shaw Yoder Antwih Schmelzer & Lange • 1415 L Street, Suite 1000, Sacramento, CA 95814 • (916) 446-4656 • Fax (916) 446-4318

LTF is tracking that are on the Governor's desk. Priscilla noted that SB 1080 / AB 54 did not pass as it did not have the votes. Doug Kobold reported that the hauler groups had concerns related to the EPR aspects of the bill(s) that could potentially pull valuable material from blue carts. Priscilla will watch to see if these bills are reintroduced in the new 2021/2022 2-year Session.

- a. AB 793 (Ting) Solid Waste: Minimum Recycled Content
  - I. Support
  - II. On Governor's desk
  
- b. AB 995 (C. Garcia) Hazardous Waste
  - I. Concerns
  - II. On Governor's desk
  - III. Hearing that the bill no longer addresses the Toxic Substances Control Account (TSCA) which runs at a structural deficit. If TSCA issue is addressed, the bill would require a 2/3 vote, there are rumors that the bill may be vetoed.
  
- c. AB 2287 (Eggman) Solid waste: plastic product certification
  - I. Support
  - II. On Governor's desk
  - III. Has a lot of support, so expect this bill to be signed.
  
- d. AB 3163 (Salas) Energy: biomethane: procurement
  - I. Support
  - II. On Governor's desk
  - III. This bill has opposition from some environmental groups; however the bill does have bipartisan support in the Legislature.
  
- e. SB 68 (Galgiani) Hazardous waste: treated wood waste
  - I. Support
  - II. On Governor's desk

### 3. Open Letter to the People of CA/Possible Executive Order (11:00-11:24 a.m.)

- a. Article [here](#).
- b. The Governor signed an Executive Order yesterday that included numerous transportation related goals (see link above). Priscilla heard that two more announcements will be coming out, potentially regarding energy. Priscilla shared that there may be some concerns in the Legislature as some members have concerns with the effects of CARB actions. The moderate caucus will want to see further discussions of these bills.
- c. LTF discussion on the Executive Order included the potential impact on diesel fleets, the lack of consideration of renewable fuels, the extent of the Governor's legal authority, etc. SYASL will work to get more information on this, as well as what is announced on Climate Action Day. It was noted that each of the major issues addressed in the letter would affect solid waste facilities, operations, and costs.

- d. Regarding opportunities to comment, Priscilla advised that working with other advocacy groups on something with policy recommendations would be most effective.

**4. Regulatory Update (11:24- 11:52 a.m.)**

- a. SB 1383
  - I. No updates on the regulation’s approval process.
  - II. Priscilla checked with RCRC on whether they plan to reintroduce a bill along the lines of AB 1191 and good faith effort. She will be communicating with other stakeholders/advocacy associations to see if they plan to respond pushing for extended dates and communicating agencies want to meet goals but without hurting local agencies. The group agreed with continuing to comment.
  - III. Eric Zetz reminded that the southern California coalition group is meeting today.
- b. Statewide Commission on Recycling Markets and Curbside Recycling
  - I. Comments to CA Recycling Commission on Biomethane Bill
  - II. The group discussed CalRecycle’s comments during the meeting, that diversion of those materials added to the biomethane bill (livestock waste and sewage sludge) would not be considered diversion under AB 939. It was noted that the materials are not listed in the definition of biomass in PRC 40106 and are defined as solid waste in the PRC 40191. Guy Petraborg shared concerns with the lack of consideration of bioenergy.
  - III. Eric will email the group soliciting volunteers to work on a comment letter to provide recommendations to the Commission.
- c. SB 212
  - I. The most recent comment period on the third draft regulations closed on September 4. Doug Kobold reported that the regulations have been submitted to OAL and that CPSC is pleased with the most recent version.

The meeting adjourned at 11:52 a.m.

Respectfully:

Christina Hanson, Secretary

## SWANA Legislation

Bill ID/Topic	Location	Summary	Position
<a href="#">AB 793</a> <a href="#">Ting D</a>  Recycling: plastic beverage containers: minimum recycled content.	ASSEMBLY ENR OLLED 9/8/2020 - Enrolled and presented to the Governor at 4:30 p.m.	(1)The California Beverage Container Recycling and Litter Reduction Act requires every beverage container sold or offered for sale in this state to have a minimum refund value. Under the act, the Department of Resources Recycling and Recovery is required to calculate a processing fee for each beverage container with a specified scrap value, which is required to be paid by beverage manufacturers for each beverage container sold or transferred to a distributor or dealer.This bill, on and after January 1, 2022, would require the total number of plastic beverage containers filled with a beverage sold by a beverage manufacturer, as specified, to contain, on average, specified amounts of postconsumer recycled plastic content per year pursuant to a tiered plan that would require the total number of plastic beverage containers to contain, on average, no less than 50% postconsumer recycled plastic content per year on and after January 1, 2030, except as specified.This bill contains other related provisions and other existing laws. <b>Last Amended on 8/25/2020</b>	Support
<a href="#">AB 995</a> <a href="#">Garcia,</a> <a href="#">Cristina D</a>  Hazardous waste.	ASSEMBLY ENR OLLED 9/14/2020 - Enrolled and presented to the Governor at 4 p.m.	(1)Existing law provides that the Department of Toxic Substances Control regulates the handling and management of hazardous substances, materials, and waste. Existing law requires the department to, among other things, issue hazardous waste facilities permits to facilities handling hazardous waste and to enforce the requirements of the hazardous waste control laws.This bill would create the Board of Environmental Safety in the California Environmental Protection Agency. The bill would provide requirements for the membership of the board and would require the board to conduct no less than 6 public meetings per year. The bill would provide for the duties of the board, which would include, among others, reviewing specified policies, processes, and programs within the hazardous waste control laws; proposing statutory, regulatory, and policy changes; and hearing and deciding appeals of hazardous waste facility permit decisions and certain financial assurance decisions. The bill would establish an office of ombudsperson in the board to receive complaints and suggestions, to evaluate complaints received, to report findings and make recommendations to the Director of Toxic Substances Control and the board, and to render assistance. This bill contains other related provisions and other existing laws. <b>Last Amended on 8/25/2020</b>	Concerns
<a href="#">AB 2287</a> <a href="#">Eggman D</a>  Solid waste.	ASSEMBLY ENR OLLED 9/10/2020 - Enrolled and presented to the	(1)Existing law prohibits a person from selling a plastic product in the state that is labeled with the term “compostable,” “home compostable,” or “marine degradable” unless, at the time of sale, the plastic product meets the applicable ASTM standard specification or the Vincotte OK Compost HOME certification, as provided. Existing law prohibits the sale of a plastic product that is labeled as “biodegradable,” “degradable,” or “decomposable,” and prohibits implying that a plastic product will break down, fragment, biodegrade, or decompose in a landfill or other environment, unless the plastic product meets one of several specified standards relating to environmental marketing claims. This bill	Support

	Governor at 2:30 p.m.	would repeal the provision that conditionally prohibits the sale of a plastic product that is labeled “marine degradable.” The bill would authorize the Director of Resources Recycling and Recovery to issue guidelines for determining whether a plastic product is not compliant with these labeling requirements, and whether a plastic product is designed, pigmented, or advertised in a manner that is misleading to consumers. The bill would authorize the Department of Resources Recycling and Recovery to adopt the European Committee for Standardization’s standard specification for biodegradable mulch film plastic, or a standard that is equivalent to, or more stringent than, that standard, as specified. The bill would authorize the sale of commercial agricultural mulch film, as defined, labeled with the term “soil biodegradable” only if the department adopts the European Committee for Standardization’s standard specification, or an equivalent or more stringent standard, and the commercial agricultural mulch film is certified to meet both that standard and the ASTM standard specification for compostability. The bill would update the name of a specified certification for home compost, the name of the organization that developed that certification, and the names of two ASTM standard specifications, and would make other conforming changes.This bill contains other related provisions and other existing laws. <b>Last Amended on 8/20/2020</b>	
<a href="#">AB 2920</a> <a href="#">Oberholte R</a>  Hazardous waste: transportation: consolidated manifesting procedure.	ASSEMBLY ENROLLED 9/11/2020 - Enrolled and presented to the Governor at 3 p.m.	Existing law, as part of the hazardous waste control laws, imposes various manifest requirements for transporting hazardous waste, including, among others, requiring any person generating hazardous waste that is transported, or submitted for transportation, for offsite handling, treatment, storage, disposal, or any combination thereof, to complete a manifest and be subject to transporter registration requirements. Existing law authorizes transporters and generators to use a consolidated manifesting procedure for certain kinds of waste if specified requirements are met. A violation of the hazardous waste control laws is a crime.This bill would authorize the consolidated manifesting procedure to be used additionally for retail hazardous waste, as defined, collected from a retailer engaged in business in the state. The bill would require, when using the consolidated manifesting procedure for retail hazardous waste, that incompatible materials transported in the same transport vehicle be managed pursuant to specified provisions that govern the transportation of hazardous waste. By expanding the application of the requirements governing the use of the consolidated manifesting procedure to additional kinds of waste and by imposing additional requirements for the management of retail hazardous waste, the bill would impose a state-mandated local program.This bill contains other related provisions and other existing laws. <b>Last Amended on 6/29/2020</b>	Watch
<a href="#">AB 3163</a> <a href="#">Salas D</a>  Energy: biomethane :	ASSEMBLY ENROLLED 9/4/2020 - Enrolled and presented to the	Under existing law, the Public Utilities Commission has regulatory authority over public utilities, including gas corporations. Existing law requires the commission, in consultation with the State Air Resources Board, to consider adopting specific biomethane procurement targets or goals for each gas corporation so that each gas corporation procures a proportionate share, as determined by the commission, of biomethane annually, as specified. Existing law defines “biomethane” for that purpose as biogas that meets specified standards adopted by the commission for injection into a common carrier pipeline.This bill would instead	Support

procurement.	Governor at 2 p.m.	define “biomethane” for that purpose as methane produced from an organic waste feedstock, rather than biogas, that meets those specified standards and is either produced from the anaerobic decomposition of organic material or produced from the noncombustion thermal conversion of specified materials.This bill contains other related provisions and other existing laws. <b>Last Amended on 5/5/2020</b>	
<a href="#">SB 68 Galgiani D</a> Hazardous waste: treated wood waste.	SENATE ENROLL ED 9/9/2020 - Enrolled and presented to the Governor at 3 p.m.	Existing law, as part of the hazardous waste control laws, requires treated wood waste to be disposed of in either a class I hazardous waste landfill or in a composite-lined portion of a solid waste landfill unit that meets specified requirements. Existing law requires each wholesaler and retailer of treated wood and treated wood-like products to conspicuously post information that contains a specified message, including a certain internet website address at which more information can be found, at or near the point of display or customer selection of treated wood and treated wood-like products, as provided. Existing law requires the wood preserving industry, as defined, to, jointly and in consultation with the Department of Toxic Substances Control, make information available to generators of treated wood waste that describes how to best handle, dispose of, and otherwise manage treated wood waste. Existing law repeals these requirements on January 1, 2021. A violation of the hazardous waste control laws is a crime.This bill would extend the operation of those provisions, as recast by this bill, indefinitely. By extending a crime, the bill would impose a state-mandated local program. The bill would authorize the message to be posted at the point of sale, in addition to at the point of display or customer selection. The bill would update in the message the internet website address at which more information can be found and would require the message to include an additional specified statement relating to the internet website at which the list of approved landfills that accept treated wood waste can be found.This bill contains other related provisions and other existing laws. <b>Last Amended on 8/25/2020</b>	Support
<a href="#">SB 895 Archuleta D</a> Energy: zero-emission fuel, infrastructure, and transportation technologies.	SENATE ENROLL ED 9/10/2020 - Enrolled and presented to the Governor at 3 p.m.	Existing law requires the State Energy Resources Conservation and Development Commission, within the limits of available funds, to provide technical assistance and support for the development of petroleum diesel fuels that are as clean or cleaner than alternative clean fuels and clean diesel engines.This bill would instead require the commission, within the limits of available funds, to provide technical assistance and support for the development of zero-emission fuels, zero-emission fueling infrastructure, and zero-emission fuel transportation technologies.	

<p><a href="#">SB 1044</a> <a href="#">Allen D</a></p> <p>Firefighting equipment and foam: PFAS chemicals.</p>	<p>SENATE ENROLL ED 9/10/2020 - Enrolled and presented to the Governor at 3 p.m.</p>	<p>Existing law authorizes the State Fire Marshal to make such changes as may be necessary to standardize all existing fire protective equipment throughout the state and requires the State Fire Marshal to notify industrial establishments and property owners having equipment for fire protective purposes of the changes necessary to bring their equipment into conformity with standard requirements. This bill, commencing January 1, 2022, would require any person, as defined, including a manufacturer, as defined, that sells firefighter personal protective equipment to any person to provide a written notice to the purchaser at the time of sale if the firefighter personal protective equipment contains intentionally added perfluoroalkyl and polyfluoroalkyl substances (PFAS). The bill would require the seller and the purchaser to retain a copy of the written notice on file for at least 3 years and to furnish the notice and associated sales documentation to the Attorney General, a city attorney, a county counsel, or a district attorney within 60 days upon request, as provided. The bill would authorize the Attorney General, a city attorney, a county counsel, or a district attorney to request from a manufacturer, and the bill would require the manufacturer to provide, a certificate of compliance that certifies that the manufacturer is in compliance with these provisions. The bill would provide that a violation of these requirements is punishable by a specified civil penalty upon an action brought by the Attorney General, a city attorney, a county counsel, or a district attorney. This bill contains other related provisions. <b>Last Amended on 8/24/2020</b></p>
